

**GOVERNMENT OF NAGALAND
STATE COUNCIL OF EDUCATIONAL RESEARCH AND TRAINING
NAGALAND: KOHIMA**

NO.SCERT/CURR-1/2020-21/

Kohima, Dated the

Feb. 2026

NOTIFICATION

With the introduction of the National Education Policy (NEP) 2020, it has become necessary to bring reform in academic processes to align with the updated curricular frameworks.

Accordingly, the erstwhile syllabus for the Middle Stage will be replaced by the Nagaland State Transition Syllabus for the subjects of Science, Mathematics, English and Social Science. This document is intended as an interim measure to support schools and teachers in gradually aligning classroom practices with the principles of National Education Policy (NEP) 2020 and National Curriculum Framework for School Education (NCF-SE) 2023. It seeks to bridge the gap between the exiting syllabus and the forthcoming State Curriculum Framework and curriculum documents.

The Nagaland State Transition Syllabus for Middle Stage (Grades 6-8) will be available in the official website of SCERT (scert.nagaland.gov.in).

Teachers and schools are encouraged to use this Transition Syllabus as a guiding framework for the Middle Stage, while remaining responsive to future revisions once the full State Curriculum Framework and detailed curricula are released.

As a special note to the Middle Stage Mathematics Teachers, kindly note the following points:

- a) A brief overview of the concept of “Congruency of Triangles” should be taught to the students of Grade 8 before starting the Chapter on Quadrilaterals.
- b) Students of Grade 8 should be given a brief introduction to the idea of ‘Dot Plots’ before starting Part – II Chapter 5 “Tales by Dots and Lines”.

Yours faithfully

(KEVIRALE-Ü KERHUO)

Director

SCERT, Nagaland, Kohima
